

RAVEN HAVEN welcomes back

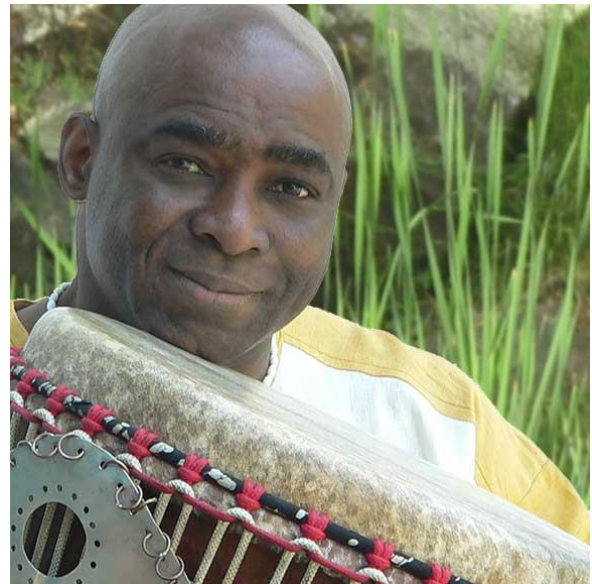

Master Drummer Onye Onyemaechi

Saturday, April 27th from 6-8:30 pm

1237 Privet Drive, Graham...8 minutes from Saxapahaw!

African rhythms are the spiritual center of the village. Everyone gathers together to create and express their love for music and free themselves from stress. A village of community drummers maintains the psyche of the whole person, culture and lifestyle – a great way to meet people, join hands and break bread together with soulful rhythms!

African drumming is a spiritual practice, insightful and primordial, intoxicating, and health-inducing. African rhythms are originated from our ancestors and have many purposes, methods and applications to all aspects of human existence. Many drummers play different parts to complete the whole sound of complex rhythms. The universality of the African drum unites people from diverse cultures, communities and nations.

Onye Onyemaechi, MBA is the founding director of **Village Rhythms** and **Onye Onyemaechi Spiritual Services**, a visionary, author, advisor, inspirational speaker, performer and band leader. For more see villagerhythms.com.
